

Violent Exercise.

Fat is a vulgar word. Too much adipose or obesity sounds better. But fat is plainer. You cannot reduce it by violent exercise. There are two kinds of fat.

The unhealthy adipose tissue, resulting from sedentary habits or from forcing the appetite through stimulants, or from impure blood, or it may be hereditary. This is the kind that lays the possessor liable to heart disease, appendicitis, vertigo, etc.

Then there is the genuine, healthy, life-giving tissue, the result from regular and moderate habits, or if irregular, the taking regularly and according to directions the famous Carlsbad Sprudel Salt. The salt will reduce unhealthy tissue and build in its place that firm and solid flesh, which is the certain sign of perfect health. It is virtually taking the Carlsbad treatment in your home. Every drug store has it. The genuine has the signature of "Eisner and Mendelson Co., Sole Agents, New York," on the bottle.

PITTSBURGH TOWN COUNCIL

Much Work Accomplished for the Borough Benefit.

Special to the Scranton Tribune.

PITTSBURGH, Pa., May 7.—The first regular meeting of the borough council was held in the newly-renovated quarters in the town hall last evening. The meeting was called to order promptly at 8 o'clock by Chairman Magan. Every member responded to his name except Kennedy and Knowlet. Outside the railing enclosure were a large crowd of spectators attracted, some through business, others to make note of the improvements.

After the reading of the minutes and other preliminary work, Attorney James L. Morris, on behalf of the Pittston Ferry Bridge company, presented a petition in reference to the temporary bridge span erected after the fire some nine years ago, and requesting permission to rebuild as before.

Mr. Donnelly presented a resolution in substance requiring the bridge company to vacate the premises occupied by the stone pier. The resolution was finally disposed of by referring it to the street committee for further action.

Benjamin Heeding on behalf of the board of health appeared before the council in relation to the appropriation asked for at a former meeting. Mr. Harding stated it was the purpose of the board to pay the sanitary policeman \$30 a month and the secretary \$15 per month. In addition to the police man's duties he is to provide himself with a uniform. Mr. Kearney moved that the matter be laid over until the salaries of the borough officials be fixed. Mr. Read made a motion which was carried by a vote of 6 to 3 that the council appropriate \$500 for the use of board. Mr. Bonington, in a brilliant speech called the attention of the council to the condition of Paerle street, and asked that it be paved. The speaker was requested to present a petition signed by two-thirds of the property holders. A delegation from the Junction asked that City and Union streets be repaired and placed in proper condition. On motion it was ordered that the burgess and street committee have the work done at the expense of the borough.

John Riddling made a similar complaint as did James Fleming. Both cases were referred to the proper committee. The report of the street committee on the proposed alley at the rear of the Town Hall was received. Mr. Donnelly reported that the Niagara engine was broken and asked it be repaired. It was so ordered.

Mr. Rapp presented a paper setting forth that the order of Peter Nolan, assigned to Edward Barrett, amounting to \$75, would be waived in consideration for \$100. Not, however, the right of collecting the total amount if it was deemed necessary by the said Mr. Barrett. An order for the amount was ordered redrawn.

On motion the question of fixing salaries for the ensuing year was next taken up. The salary of the chief of police was allowed to remain as heretofore for \$100.

Borough commissioner, same—\$165 per day. Borough teamster, the same—\$50. Borough solicitor, the same—\$90 a year.

The borough attorney's salary was increased \$50, making a total of \$200 per year.

Secretary DeMeyer's salary was raised from \$20 to \$25.

Borough treasurer's were allowed to remain the same as last year.

The salary of the janitor of the city hall was increased from \$10 to \$15 per month.

LAID AT REST.

Funeral of Mrs. Ann Kennedy—A Touch in Tributes.

Special to the Scranton Tribune.

PITTSBURGH, Pa., May 7.—The funeral of Mrs. Ann, wife of John Kennedy, mention of whose demise was noted yesterday, occurred at 9:30 o'clock this morning from her late home on Radcliffe street. The remains reposed in a handsome casket enrobed with heavy silver trappings. Many beautiful floral offerings, the tokens of sympathizing friends, evinced the esteem in which the deceased was held. The funeral cortage moved to St. John's church, followed by one of the largest gathering of friends ever seen on any similar occasion.

Arriving at the beautiful edifice a requiem mass was celebrated by very Rev. Father Flinner who also preached a beautiful sermon. He took for his text: Luke 11:40, "By ye then also ready for what hour you think not that the Son of man will come?" He said: "These words of the Saviour of man should make a deep impression on every Christian mind. They came from the Eternal Truth, and the message they bear is for every Christian soul. They are for those who refuse to obey His commandments. They are the words of charity from the heart of our blessed Saviour, giving us timely warning of the uncertain hold we have on human life. Indeed the

Christian who habitually disregards this divine warning is already in a condition of the greatest danger. Very quickly must thou be gone hence; see then, how matters stand with thee."

At the conclusion of the speakers' remarks, the remains were borne to Market street cemetery, where interment was made. The pall bearers were: Martin McGuire, Edward Rutledge, Thomas Hines, Edward McDonnell, Michael Collier and Thomas Flynn. There were a number of people from Scranton, Wilkes-Barre and other places at the funeral.

FOREST CITY FLASHES.

Susquehanna's Most Enterprising Town Crisply Written Up

Special to the Scranton Tribune.

FOREST CITY, Pa., May 7.—Saturday a large force of men at Vandlings (the mine being idle) gave their services in the work of excavating for the foundation of the new Congregational church, which is to be built this summer. The spot selected upon is a very desirable and beautiful site. The members of the Ladies' Aid society of the new church were present early in the morning and lifted the sods for the beginning of the work. Rev. J. G. Evans, of Plymouth, has accepted the call given him to that church. The reverend gentleman will also conduct services once every Sunday in the Welsh Congregational church in Forest City.

GENERAL NEWS OF INDUSTRIES.

The resignation of Theodore Vosburgh as general manager of the Lehigh Valley Railroad company is officially announced. All officers who have heretofore reported to the general manager will hereafter report to the new manager, Mr. George W. Dill, president of the railroad. Mr. Vosburgh, who will report to the new vice-president. The resignation of Mr. Vosburgh has not been unexpected. For some time he had the dual position of general manager of the Valier and vice-president of the Lehigh railroad, and since the rails have been separate it has been thought necessary for Mr. Vosburgh to give up his Valier interest for those of the Lehigh.

The colliery at Richmondale is working full time. This is one of the very few collieries in this section of the state that are working so steady.

Dr. Dwyer, of Carbondale, was a welcome caller in this place Saturday.

The series of revival meetings which are to be held in the Methodist Episcopal church were begun yesterday by the eminent evangelist, Mrs. Grace Weiser Davis, of Jersey City. Large congregations were present at both the morning and evening services. Mrs. Davis is an earnest talker and brings the truth of the religion of Christ before the hearer in a very plain and forcible manner. A number at the meeting in the evening signified their intention of leading a better life.

The Harry Ellifiers of Simpson & Watson, located near Forty Fort, which has been idle for about three years, will start up again this week, says the Wilkes-Barre Times, with a force of 150 miners, and numbers will increase as soon as the arrangements of the new plant are completed for more extensive operations. During the month of March \$2,000 were expended upon this mine, and in April \$5,000 and it is now reported to be one of the best coal producing and coal preparing plants in this valley. The certainty of resuming work there has given the immediate染色 quite a business room.
